

STEP 1:

Connect all the pipes together according to the sticker number on each pipe. Make sure it is the same sticker number before you join the pipes.

For example: ⑦ on the Corner sections(C) meet the ⑦ on the Curved Pipes(B).

STEP 2:

Put the graphic on the frame, just like you put a pillowcase on a pillow.

STEP 3:

Hold the zipper close together before zipping up.

STEP 4:

Hand-tighten the LED light (E) on the top of the frame and connect the power cord.

Please Note:
Over-tightening the lights may result in damage to the print.
